

America's Award-Winning Fine Art & Craft Shows

Since 2003, Hot Works has built a national reputation for producing exceptional juried fine art and craft shows, earning recognition among **America's Top 100 Art Shows 18 times.**

Each event features original, handcrafted work selected by professional art jurors who evaluate artistic technique, originality, execution, and booth presentation. From painting and sculpture to ceramics, jewelry, photography, and more, our shows offer high-quality artwork that appeals to a broad range of collectors and buyers.

Hot Works events are produced in partnership with the **Institute for the Arts & Education, Inc.**, a 501(c)(3) nonprofit dedicated to promoting visual arts, cultural diversity, community enrichment, and youth art education. As part of this mission, every show hosts a youth art competition, where students exhibit their original artwork and compete for \$250 cash awards while gaining firsthand exposure to the creative entrepreneurship of professional art shows.

Beyond producing nationally recognized events, Hot Works delivers impactful on-site marketing opportunities and customizable community engagement programs designed to help partners achieve their marketing, branding, and community outreach objectives.

Inspiring the Next Generation of Artists

As part of our commitment to community art education, the **Institute for the Arts & Education (IA&E)** hosts a **Youth Art Competition** at every Hot Works Fine Art & Craft Show.

Young artists are invited to create and submit original, handmade artwork, which is professionally displayed in the dedicated Youth Art Gallery throughout the event. Their work is viewed by thousands of attendees, providing valuable exposure while encouraging creativity, artistic achievement, and confidence.

To recognize their accomplishments, IA&E awards **\$250 in cash prizes**, with winners announced during the event on Sunday. The competition also introduces students and their families to the opportunities of creative entrepreneurship and careers in the arts.
